

NTHRYS WORKSHOPS

Mycology In Biomedical Research

8:45 AM - 10:15 AM: Session 1: Role of Mycology in Disease Research

Overview of the importance of mycology in disease research.
Hands-on session on studying fungal pathogens and their mechanisms.
Case studies on the impact of mycology in biomedical research.

10:15 AM - 10:30 AM: Coffee / Tea / Snacks Break

Networking and refreshments.

10:30 AM - 12:00 PM: Session 2: Medical Mycology

Exploring the role of mycology in medical research.
Workshop on using mycological techniques to study and treat fungal infections.
Case studies on the applications of mycology in medical therapy.

12:00 PM - 1:00 PM: Lunch Break

Catered lunch and networking opportunity.

1:00 PM - 2:30 PM: Session 3: Fungal Immunology

Hands-on session on the use of mycology in studying immune responses.

Exploring techniques for analyzing fungal infections and immune interactions.
Practical applications of mycology in understanding fungal immunology.

2:30 PM - 2:45 PM: Short Break

Time for a stretch and informal discussions.

2:45 PM - 4:15 PM: Session 4: Clinical Applications of Mycology

Workshop on translating mycology research into clinical practice.
Practical techniques for using fungal data in clinical settings.
Case studies on the impact of mycology on medical treatments.

4:15 PM - 4:30 PM: Coffee / Tea / Snacks Break

Last networking opportunity with snacks.

4:30 PM - 5:30 PM: Closing Session: Implementing Changes and Technology Adoption

Group discussions on implementing new techniques learned today.
Dialogue on overcoming challenges in adopting new technologies in similar sectors.
Feedback session and closing remarks.

Certificate Issue

5:30 PM: Workshop Concludes
