

## Research Projects Process Walk Through and Cost Breakdown

### Who Can Seek?

NTHRYS offers research project assistance to a diverse range of clients including corporate R&D departments, academic institutions, private researchers, and industry professionals. Industries can [Visit Here](#) for "Industrial Projects Process Walk Through". Our services are designed to support those who require specialized research expertise, advanced technical support, and project management solutions. Whether you are an academic researcher, enthusiastic professional, corporate employee, NTHRYS can provide tailored assistance to meet your research objectives.

### Communication Initiation Fee

The Communication Initiation Fee is charged to ensure engagement only with genuine parties who are serious about investing their time and money to achieve their research objectives. This fee reflects a commitment from both the client and NTHRYS, demonstrating mutual respect for the time and resources dedicated to the project. It serves as a filter to prioritize serious inquiries and ensures that the NTHRYS team can allocate their expertise efficiently to support the project's success. **Communication Fee:** Rs 15000/- (Valid for 30 Days)

### Research Project Objectives Finalization

The first step in our process is to finalize the research project objectives. This involves a thorough discussion with the client to define the scope, goals, and desired outcomes of the project. Our team works closely with you to ensure that the project objectives are clear, achievable, and aligned with your overall research agenda. This stage is crucial for setting a solid foundation for the project and ensuring all stakeholders are on the same page.

### Service Quote Finalization and Budget Allocations

After defining the objectives, we provide a detailed service quote that outlines all associated costs, including labor, materials, and any other resources required. The quote is designed to be transparent, with a clear breakdown of expenses, allowing for informed budget allocations. This step ensures that the project remains financially viable and that all costs are anticipated and managed effectively.

## **Plan of Action and Process Calendar**

NTHRYS develops a comprehensive Plan of Action and Process Calendar for each research project. This document outlines the timeline, key milestones, and the specific tasks to be completed at each stage of the project. It serves as a roadmap, guiding the research process from start to finish, and helps in monitoring progress to ensure that the project stays on track and within the planned timeframe.

## **Non Disclosure Agreement (NDA) (If required)**

To protect the confidentiality of sensitive information, NTHRYS offers to enter into a Non-Disclosure Agreement (NDA) with the client if required. This legal document ensures that all proprietary data and intellectual property shared during the course of the project are safeguarded and that all parties are legally bound to maintain confidentiality. The NDA is a crucial element in protecting the interests of both the client and NTHRYS.

## **Publication and Patents (If Applicable)**

Upon the completion of the research project, NTHRYS can assist in preparing publications and patents, if applicable. Our team provides support in drafting scientific papers, patent applications, and other documentation necessary for disseminating research findings or securing intellectual property rights. This service ensures that the results of the research are properly documented, protected, and can contribute to the client's scientific and commercial success. These attract additional charges which can be discussed later after the completion of main project.
