

NTHRYS WORKSHOPS

Practical Techniques In Protozoology

8:45 AM - 10:15 AM: Session 1: Introduction to Protozoology

Overview of protozoology and its significance.
Techniques for studying protozoa.
Case studies on protozoology research and applications.

10:15 AM - 10:30 AM: Coffee / Tea / Snacks Break

Networking and refreshments.

10:30 AM - 12:00 PM: Session 2: Protozoa Culturing Techniques

Hands-on techniques for culturing protozoa.
Practical session on maintaining protozoa cultures.
Discussion on optimizing culture conditions.

12:00 PM - 1:00 PM: Lunch Break

Catered lunch and networking opportunity.

1:00 PM - 2:30 PM: Session 3: Microscopic Examination of Protozoa

Introduction to microscopic techniques.

Practical demonstration of light and electron microscopy.
Case studies on protozoa morphology and identification.

2:30 PM - 2:45 PM: Short Break

Time for a stretch and informal discussions.

2:45 PM - 4:15 PM: Session 4: Case Studies and Applications

Review of significant case studies in protozoology.
Applications in medical and environmental research.
Future trends and research directions.

4:15 PM - 4:30 PM: Coffee / Tea / Snacks Break

Last networking opportunity with snacks.

4:30 PM - 5:30 PM: Closing Session: Implementing Changes and Technology Adoption

Group discussions on implementing new techniques learned today.
Dialogue on overcoming challenges in adopting new technologies in similar sectors.
Feedback session and closing remarks.

Certificate Issue

5:30 PM: Workshop Concludes
