Please do not visit the branch with out prior appointment

Important Note: Please be informed that NTHRYS Management reserves the right to close new

applications if all slots for a specific season are fully booked. To secure a position in your desired slot, we strongly encourage you to complete your application process as early as possible. This will help you avoid any potential closures for future slots.

Techniques: Based upon the selected field techniques will vary. Please contact on +91-7993084748 for techniques / protocols covered and other details.

Modes Available: Online and Offline.

Offline Internship Location: [NTHRYS Biotech Labs Location](#)

Offline Timetable: 10.30 AM to 4.30 PM, Tuesday to Friday. Saturday will be allocated for report works on online mode.

Online Timetable: Task based time table, mentors will synchronize with students based upon the task at hand. There is no specific time table as lot of international students do opt this mode. Sunday and Monday are holidays for online mode candidates.

What do candidates get from NTHRYS from this Internship?

1. An Internship certificate (For durations 6 months and above NTHRYS will provide an experience certificate) upon successful completion of the internship.
2. Complete hands-on exposure to the research methodology allocated to the candidates.
3. Exposure to Phd or research standard literature survey process.
4. Exposure to SCOPUS / SCI standard draft writing skills if the candidates are personally interested to get exposed to.
5. A recommendation letter to those candidates who are seeking abroad education.
6. A job reference letter.
7. Publication coauthorship if the candidates show exceptional commitment.
8. Last but not least - Career Guidance from Balaji S Rao. Once they are NTHRYS students, they will be our students for life time.

Sponsorship: NTHRYS Founder, MD, and Research Head, Balaji S. Rao, has announced the sponsorship of all student internships and project works starting from July 21, 2024. Consequently, all fee structures have been reduced by over 80%. Additionally, he announces free internships and funded internships (stipend-based) every year in the first week of July. For updates, please follow the NTHRYS WhatsApp channel: [NBL Whatsapp Channel](#)

A Message from [Balaji S Rao](#) "From 2003 to 2020, I have been continually supported by the academic community and students, enabling me to offer various educational services under NTHRYS Biotech Labs. The financial support generated from these services allowed me to invest in research and development, culminating in the launch of several products through NTHRYS OPC PVT LTD by January 2020. By 2024, my second company, NOPC, reached a point of self-sustainability and began funding my research initiatives at NTHRYS Biotech Labs. As a result, I

NTHRYS OPC PVT LTD Internship Program Structure

am delighted to give back to the academic community and students. I have started by significantly reducing internship and project fees by 80% and offering free opportunities once a year in July. If everything goes as planned, NOPC will not only provide free internships and projects throughout the year but also support stipends for students in the coming years."

Application Process:

Step 1: Choose the desired duration and pay the fee via PhonePe or Google Pay on +91-9849854748.

Step 2: Send the fee payment screenshot via whatsapp to +91-7993084748.

Step 3: Our Academic Services department will forward a link to submit your details.

Step 4: After submission of your details, confirm the same to our academic services department via whatsapp on +91-7993084748.

Step 5: Our Academic Services department will confirm your application and forward you a Internship Confirmation document. You can choose your joining date and report to us accordingly.

At any point of time please communicate via whatsapp on +91-7993084748 for complete guidance, alternatively you can communicate with NBL central support number +91-9014935156 only if you could not get a response from Academic Services department..

We are always here to help.
